**BUILDING
HISTORY**

Strengthening Community

The Niagara-on-the-Lake Museum was built on a passion for history and a pride of community. Our Memorial Hall is the **FIRST** community museum building built in Ontario. Our heritage has been lovingly preserved since 1895.

We deliver over 90 annual programs and events that bring history alive for the young and the young at heart. Our galleries and collection explore Niagara-on-the-Lake's rich history from its Indigenous roots, Black and Loyalist history, agricultural history, and women's history, to its truly significant role in Canada's military achievements.

Together we can preserve Ontario's most significant Upper Canadian and War of 1812 collection in Ontario.

TOGETHER WE CAN...

- Increase visitor engagement by creating a multipurpose room that will help us grow youth and senior's recreational programs while also opening new tourism partnership opportunities.
- Make the Museum a publicly accessible site with an elevator, walkways, signage, and restrooms, so no one has to feel excluded.
- Amplify community voices and stories with interactive exhibitons that explore our diverse and significant history through new display spaces.
- Protect our artefacts by installing fire suppression systems and adding new collections storage space, so they can be safeguarded for future generations.
- Reuse our heritage buildings to help reduce carbon emissions, upgrade our insulation, lighting, and window glazing, and provide heat pumps to ensure energy efficiency.

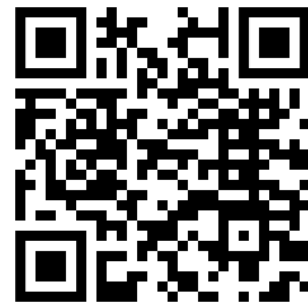

Help us make history accessible and preserve the heritage behind the beauty of Niagara-on-the-Lake.

Our campaign to expand the Museum is underway.

Contact Sarah Kaufman, CEO/Curator to learn how you can help make our vision a reality.
